Sir:

INFORMATION DISCLOSURE STATEMENT
UNDER 37 C.F.R. § 1.56

Pursuant to Applicant's duty of disclosure required under 37 C.F.R. § 1.56, Applicant is submitting the enclosed, completed PTO forms 1449 as required by 37 C.F.R. § 1.97 and 1.98. The filing of this Information Disclosure Statement should not be construed as a representation that a search has been made or as an admission that the listed references are prior art for this application. Applicant respectfully requests that the listed references be expressly considered during prosecution of the application, and that the references be made of record therein and appear among the "references cited" on any patents issuing therefrom.

This Information Disclosure Statement includes 4 pages of PTO-1449 forms; however, it does not include copies of the references listed on the forms, as permitted under 37 C.F.R. § 1.98(d), because copies already were

provided in an earlier U.S. application (Serial No. 10/003,679, now U.S. Patent No. 6,599,187), or a priority application thereto, that is relied on here for an earlier effective filing date under 35 U.S.C. § 120.

For each foreign document for which there is no translation, a concise statement of relevance or an English language abstract is already of record in the previously cited patent and applications identified above.

Please contact the undersigned with any questions or comments regarding this Information Disclosure Statement.

Respectfully submitted,

KOLISCH HARTWELL, P.C.
